

### **The coolest T-Shirt ever**

Got the LED tekkies, got the flashing laces, thought you were cool? Not. You've got to get the sound activated light up t-shirt. The very latest EL technology gives you a LED panel in a 100% cotton t-shirt. The battery pack is rechargeable and the T-shirt can be washed.

#### **Product Features**

- This shirt lights up and reacts to sound
- There is a volume control button to adjust it to the sensitivity of the sound or music. Has a sound sensitivity control to take you all the way from loud anthem beats to the soothing rhythms
- Hand Washable, just unplug the rechargeable unit
- Powered by a rechargeable battery pack cleverly hidden within an inside shirt pocket

Good for celebrating anything. Perfect for music or dance fans and sports fans. Create your own vibe, wherever, whenever!

#### **Care and cleaning:**

- Remove EL panel (logo) and power unit before washing
- The t shirt can be dry-cleaned, hand washed or machine washed
- Do not submerge any part of the flash panel in water.
- The EL Logo is attached to a velcro patch for easy removal before washing

#### **Instructions for use:**

- 1.Charge battery pack with the included USB charger
- 2.Slide switch to operate power
- 3.Do not bend or apply pressure to the flash panel.
